Important—Please Read Carefully Before Ordering

Postage paid on orders of \$5.00 or over; for less, please add 35c toward postage. If you will send \$1.00 extra on postage I will add \$2.00 of free Iris, MY CHOICE. Free replacement of plants that die if reported by Oct. 1, but I cannot be responsible for winter-kill. Varieties untrue to name will be replaced free upon blooming, if accompanied by an order; if not—and the iris is priced at less than 75c—please send 10c toward postage. Iris bought from "bargain-basement" offers must be paid for at full price, less the original cost. My rhizomes are not forced in any way, and do not grow to huge size, but judging by reports from satisfied customers all over the U. S., they do better almost everywhere than big lush ones that rot easily. Kinds in parenthesis are Arilbreds, and usually have small rhizomes, as do some Talis and all Dwarfs, Lilliputs & Dwarfs underlined.

I send freshly dug, well-packed, State-inspected plants. But iris rot easily when closed up, and must be sent in ventilated boxes, packed in paper or excelsior to keep them dry. Sometimes due to hot weather or delay in the mail, they may be quite dry when received. Please do not write me about this, as they are not hurt in the least, and those dry-looking plants often start growing quicker than nice fresh ones. For quick mail-service, send 35c extra for a SPECIAL HANDLING stamp. Orders filled in rotation, beginning as soon as possible after July 1; rhizomes are not mature enough to send sooner. July or August are best for planting in the North, but September is better in hot, dry climates. Shipping season ends Oct. 5.

This list contains over 2,000 varieties, old and new, American and foreign—and all lovely. I strongly urge you not to confine yourself to things you know—take a chance on some you've not seen, that everyone doesn't have. You're sure to be delighted with them when they bloom! In answer to the many requests for descriptions of everything, this has been done. Whether I do it again depends on whether enough more orders come in to be worth the extra cost. To save space a few abbreviations are used, such as: D.M.—Dykes Medal winner; var.—variegata; plic.—plicata; Fancy—Fancy Plicata; OB—oncobred; RB.—regeliabred; bl.—blend; dk.—dark; med.—medium; lt.—light; bi.—bitone; Dw.—Dwarf; and Int.—Intermediate.

Prices run from 1/2 to 3/4 standard. As handling costs are larger in proportion on smaller orders, this year as an inducement to build your orders larger, I am giving a cash discount on all orders where the cash sent is over \$5.00. If over \$5.00, you may take a 5% discount; if cash sent is \$10.00 or more, you may take a 10% cash discount. This works as follows: Orders under \$5.20 are full price; from \$5.25 to \$11.15 deduct 5%; orders of \$11.20 or over, deduct 10%. No deduction on NET items or collections (on which a discount has already been taken), so add these onto the amount allowed for items in the following list. If you will name a few extras, it will help in case I am sold out of something.

Please do not order iris not listed without writing to see if I have them. Perhaps I do—I have over 1,500 not listed, mostly of newer things. And if I don't have it, I may be able to get it for you at a substantial reduction. I do not issue a wholesale list, and make NO price reductions beyond that listed above, except that to dispose of surplus of varieties listed at 30c to 65c, you may send any amount from \$5.00 to \$10.00, and I will send twice that amount in good named iris (no cash reduction on these). GIFT IRIS given with all orders of \$3.00 or more, except these MY CHOICE collections.

There are no further discounts on collections, nor on the NET items in the following list. Add the rest of your order and take the proper discount, then add the amount required for any collections or Net items ordered. **One Net item to a customer;** if more than one is ordered, or if Net items are ordered after Aug. 1, please list a few substitutes in case I am sold out--merely saying not to substitute does not enable me to send something I no longer have! I will not substitute unless absolutely necessary, and if I do, I will send something similar of equal or greater value, so I hope you will not refuse permission to do so. Do NOT select NET varieties in collections, as they cannot be sent.

NOTICE

The book described in the folders sent with my 1960 price lists will be ready some-time this spring or summer, and will be sent to all who ordered it, just as soon as possible. It should be on the press by the time this list reaches you, and even if it is not, it will be out before much longer, and will be sent immediately afterward.
